

GOOGLE'S ERIC SCHMIDT SCREWS HIS WAY INTO SCANDAL AFTER SCANDAL

The End of Another Sordid Affair? Not for Google's Eric Schmidt.

in [News](#)

When [Eric Schmidt](#) was the chief executive of Google in the mid-2000s, he dated Marcy Simon, a New York-based public relations executive. Both were married to other people at the time.

Mr. Schmidt and Ms. Simon were seen together on the French Riviera, at tech conferences and on Fire Island, where she owned a beach house. When a large yellow diamond ring was spotted on Ms. Simon's finger, some [speculated in the media](#) that Mr. Schmidt might divorce his wife and marry Ms. Simon.

[video width="320" height="180" m4v="https://the-cover-up.org/wp-content/uploads/2024/03/Googles-philandering-exec-Eric-Schmidt-cares-about-his-privacy-not-yours-1.m4v"][/video]

But Mr. Schmidt moved on to other girlfriends. Although he and Ms. Simon, who divorced her husband, later rekindled their relationship in the late 2000s and early 2010s, they decided to go their separate ways in 2014, people with knowledge of their relationship said.

For billionaires, and the people who love them, breaking up can be a little like unraveling a corporate merger gone wrong. Ending Mr. Schmidt's affair has taken a decade — so far. There have been contracts, amended contracts, arbitrations, lawsuits and the platoon of advisers that inevitably go along with all that.

Mr. Schmidt, now 69 years old, approved a confidential settlement in 2014 with Ms. Simon that paid her an undisclosed amount of money, and appointed an adviser, Derek Rundell, to set it up. Under the arrangement, Ms. Simon would bring Mr. Schmidt investment ideas that Mr. Rundell would evaluate on his behalf.

But the deal imploded when Ms. Simon and Mr. Rundell fought bitterly, leading to years of wrangling that culminated in accusations of fraud against Ms. Simon last year over an investment in the luggage maker Away. Ms. Simon has denied committing fraud.

[video width="480" height="270" m4v="https://the-cover-up.org/wp-content/uploads/2024/03/Googles-Eric-Schmidt-Goes-To-Washington-2.m4v"][/video]

During his years leading Google, Mr. Schmidt was famously known as the [adult supervision](#), a brainy, button-down sage who mentored the internet firm's young founders, Larry Page and Sergey Brin, and propelled the company to great heights. Since leaving the board of Google's parent company in 2019, he has cultivated that image further, parlaying his net worth of about [\\$35 billion](#) into an influential role advising the U.S. government on [defense and artificial intelligence policy](#) and making his mark with splashy initiatives in the world of philanthropy.

Yet over the past decade, his management of personal matters has been fraught, at times lacking the kind of discipline he brought to running Google. In March, Ms. Simon filed an arbitration case against Mr. Schmidt in California, seeking to free herself from the confidentiality clauses of their 2014 settlement. More of his secrets threaten to spill out.

[video width="320" height="180" m4v="https://the-cover-up.org/wp-content/uploads/2024/03/ERIC-SCHMIDT-AND-DAVID-DRUMMOND-AT-GOOGLE-HAVE-SEX-PENTHOUSES-copy.m4v"][/video]

The New York Times pieced together Mr. Schmidt's tangled history with Ms. Simon and Mr. Rundell from records of six separate litigation and arbitration cases, all of which are public. Mr. Schmidt's name is redacted or withheld in four of the cases, but The Times confirmed his identity through people with knowledge of some of the events and by triangulating information from court filings.

The Settlement

Ms. Simon, 61, who left the public relations firm Burson-Marsteller and founded [her own public relations company](#) in 2019, was one of a series of women with whom Mr. Schmidt had extramarital affairs over the past 20 years. Throughout, he has remained married to Wendy Schmidt, his wife of 44 years, though they lead largely separate lives.

In a 2012 [interview with The Times](#), Ms. Schmidt shrugged off media reports of her husband's relationships. "You know, people will write things," she said. "You just have to ignore them."

Mr. Schmidt and Ms. Simon started appearing publicly together in the mid-2000s. Neither made much of an attempt to keep the relationship secret; Ms. Simon openly talked about it with some journalists.

After a hiatus of a few years during which Mr. Schmidt dated a former CNBC reporter, Kate Bohner, he and Ms. Simon got back together in 2009 and saw each other on and off for several more years. In the summer of 2014, they parted ways.

Mr. Schmidt had paid certain expenses for Ms. Simon for years, which were memorialized in several legal agreements. He proposed a new financial arrangement to provide for Ms. Simon and her family, people with knowledge of the conversations said.

[video width="638" height="356" m4v="https://the-cover-up.org/wp-content/uploads/2024/03/Alex-Jones-calls-Google-Eric-Schmidt-a-scumbag-little-man.m4v"][/video]

Mr. Schmidt put Mr. Rundell in charge of crafting the deal.

Mr. Rundell had entered Mr. Schmidt's orbit through Gary Coursey, a financial adviser known by the nickname Court who helped Mr. Schmidt make venture capital investments. Mr. Rundell and Mr. Coursey had met at the University of Colorado Boulder in the early 1990s, later sold an email company to WebMD and briefly advised the pop star Michael Jackson in the early 2000s.

After Mr. Coursey introduced them, Mr. Rundell became something of a fixer for Mr. Schmidt. Mr. Rundell was "a person who could solve special and hard problems," Mr. Schmidt testified in one arbitration proceeding.

The Information [earlier reported](#) on Mr. Rundell's work for Mr. Schmidt. Mr. Rundell, 53, did not reply to requests for comment.

At Mr. Schmidt's request, Mr. Rundell put together the confidential settlement with Ms. Simon, which firmly nudged the relationship from romantic to transactional. Under the terms of the agreement, dated Sept. 19, 2014, Ms. Simon agreed to become a paid consultant to a Nevada limited liability company called Maple Beach Ventures.

Maple Beach Ventures was essentially a small venture capital fund managed by Mr. Rundell and funded by Mr. Schmidt. Ms. Simon would receive payments for bringing start-up investment ideas to Mr. Rundell. If Mr. Rundell liked them, Mr. Schmidt would invest in the start-ups through Maple Beach Ventures. The agreement included confidentiality, so Ms. Simon could not disclose Mr. Schmidt's involvement in the investments.

It's unclear how much Mr. Schmidt paid Ms. Simon. A copy of the settlement filed in court as part of an arbitration shows that she was entitled to a one-time fee and to annual and monthly payments, but the numbers are redacted. Ms. Simon was also entitled to 20 percent of the profit Mr. Schmidt made from any investment she brought.

Around the time he structured the settlement with Ms. Simon, Mr. Rundell also acted as the go-between for the purchase of a horse farm in New York's Hudson Valley for another of Mr. Schmidt's girlfriends, Lisa Shields. For these and other services, Mr. Schmidt paid Mr. Rundell a fee of \$47,500 a month until June 30, 2016, according to a copy of their agreement.

Tempers Flare

The settlement with Ms. Simon didn't bring peace for long.

Within months, Ms. Simon and Mr. Rundell began butting heads. Ms. Simon complained that Mr. Rundell didn't act on most of the investment ideas she brought, while Mr. Rundell faulted Ms. Simon for not conducting proper due diligence on the investments she proposed.

In March 2015, Ms. Simon complained to Mr. Schmidt that Mr. Rundell had responded to only nine of the 43 investment opportunities she had presented to him and that Maple Beach Ventures had invested in only six of them. Mr. Schmidt responded that most "VCs see 100 or more deals for every one deal they invest in."

He suggested a compromise: Ms. Simon could have a sum she invested at her own discretion each quarter, provided she followed a strict due diligence process. (The figure was redacted.)

Following up on Mr. Schmidt's suggestion, Mr. Rundell sent Ms. Simon a proposal with an updated investment budget and new due diligence procedures. But Ms. Simon turned it down because she found the procedures too onerous and resented that the investments would still have to go through Mr. Rundell, according to arbitration filings.

As Ms. Simon and Mr. Rundell haggled, she flew to Europe to attend a networking event for entrepreneurs in the French Alps. There she met Jen Rubio, who had just co-founded [a luggage start-up called Away](#). Between runs on the slopes of the famed Méribel ski resort, Ms. Rubio mentioned that Away was raising money from family and friends in what is known as a "seed round" and invited Ms. Simon to participate.

A few weeks later, Ms. Simon emailed Ms. Rubio to say she would invest \$25,000 through Maple Beach Ventures. Ms. Simon could not disclose Mr. Schmidt's involvement under their 2014 agreement.

"I am really excited to be a part of Away and also to help watch you grow and build the company and I am here for you," Ms. Simon emailed Ms. Rubio in April 2015.

Ms. Simon arranged a call between Ms. Rubio and Mr. Rundell to finalize the investment, but didn't explain who Mr. Rundell was, a person with knowledge of the matter said. Ms. Rubio assumed — incorrectly — that Maple Beach Ventures was Ms. Simon's company and that Mr. Rundell was an employee who worked for her, this person said.

Ms. Simon's and Mr. Rundell's relationship continued deteriorating. Around the same time, Ms. Simon had asked Mr. Schmidt for a loan to buy a house. Mr. Schmidt agreed to lend her the money against the proceeds of an investment he had made in Uber several years earlier. The investment had come from an introduction Ms. Simon had made.

Under a deal that predated their 2014 settlement, Mr. Schmidt had agreed to pay her 10 percent of whatever profit he earned from Uber. But the ride-hailing company was still private, so calculating the value of Ms. Simon's stake to determine the loan size was difficult. Months of negotiations between Mr. Rundell and a lawyer representing Ms. Simon ensued. At one point, Ms. Simon objected to a \$125,000 fee Mr. Rundell wanted to deduct from the loan amount.

In March 2016, the loan negotiations broke down, and Ms. Simon sent Mr. Schmidt an angry email threatening to go public about their confidential deal. Mr. Rundell's behavior was "not acceptable" and she had "an awesome case here," she wrote. "This is going mainstream and I am lawyering UP."

A few hours later, she followed up: "Let me know if you want to take this public."

Later that year, the two sides resolved their differences. Under an amendment to the 2014 settlement, Mr. Schmidt agreed to make monthly payments of \$5,000 and quarterly "catch-up" payments of \$15,000 to Ms. Simon, on top of other payments laid out in the original agreement. He also agreed to cover unspecified tuition payments and to reimburse Ms. Simon for the \$21,000 she had spent on legal fees.

But within months, Ms. Simon and Mr. Rundell resumed bickering. Ms. Simon again complained that Mr. Rundell was ignoring most of the investment ideas she brought to him. Mr. Rundell responded that Ms. Simon wasn't giving him the documentation she was required to provide for each investment.

Lawyers were summoned again, but this time no compromise was found.

In June 2018, a lawyer for Maple Beach Ventures informed Ms. Simon that her consulting agreement was being terminated. She responded in April 2019 by starting a confidential arbitration proceeding against the company for breach of contract.

A Tender Offer

While Ms. Simon's dispute with Mr. Rundell and Mr. Schmidt escalated, Ms. Rubio's start-up was thriving. Thanks partly to savvy online marketing, Away's stylish luggage was becoming ubiquitous at U.S. airports. By early 2019, the New York-based company had sold more than one million suitcases.

That May, just weeks after Ms. Simon took Mr. Schmidt and Mr. Rundell to arbitration, a group of institutional investors led by Wellington Management offered to buy the shares of Away's early investors at a premium to their original price, in what is known as a tender offer. Away was now valued at a stunning \$1.4 billion, up from \$7.2 million four years earlier. The 266,638 shares that Maple Beach Ventures had purchased for \$25,000 in 2015 were worth \$2.83 million.

Away transmitted the tender offer to Ms. Simon. Ms. Rubio remained under the impression that Maple Beach Ventures was Ms. Simon's company and that the \$25,000 seed investment had been made with her money, a person familiar with the matter said.

What happened next is under dispute. In a lawsuit that Away filed late last year against Ms. Simon, the company claimed that she took and profited from shares that weren't hers. Ms. Simon has countered that the shares were, in fact, hers.

Underlying the disagreement was Ms. Simon's 2014 deal with Mr. Schmidt. Under its terms, she was entitled to 20 percent of the profit that Maple Beach Ventures reaped from any investment she originated, which would have come to about \$561,000 before taxes for Away — but only if she were still employed as a consultant to the company when the investment was sold. Her 2018 termination meant she would get nothing.

[THAT-TIME-GOOGLES-ERIC-SCHMIDT-AND-LARRY-PAGE-TRIED-TO-WIPE-OUT-TECH-WORKERS](#)

That did not sit well with Ms. Simon, so she came up with a subterfuge, according to Away's lawsuit. Rather than forwarding the tender offer transmittal letter to Mr. Rundell, Ms. Simon created a new Maple Beach Ventures LLC on May 10, 2019. Unlike the original Maple Beach Ventures, which Mr. Rundell had registered in Nevada, Ms. Simon incorporated this one in Delaware and designated herself as its sole principal, Away claimed.

Three weeks later, Ms. Simon signed the tender offer paperwork, presenting the new Maple Beach Ventures as the owner of the shares, according to Away's lawsuit.

Away said it didn't spot the alleged sleight of hand when it received Ms. Simon's paperwork. It canceled the original Maple Beach Ventures' shares in its company records, reissued them to the investor group conducting the tender offer and wired \$2.83 million to a Citibank account that Ms. Simon had created in the name of the new, Delaware-registered Maple Beach Ventures.

Mr. Rundell and Mr. Schmidt, who were never notified about Away's tender offer, had no idea what transpired, people with knowledge of the matter said.

[SILICON VALLEY TECH MURDERS BY ERIC SCHMIDT](#)

Ms. Simon has countered in court filings that it was always understood that the Away shares were hers, even though they were held under Maple Beach Ventures' name. In the court filings, she has said she was being prevented from giving the full story by the confidentiality clauses in the 2014 settlement with Mr. Schmidt.

In late 2019, a few months after Ms. Simon sold the Away shares, Mr. Schmidt's relationship with Mr. Rundell began falling apart. Mr. Coursey, who had introduced Mr. Rundell to Mr. Schmidt, was now feuding with Mr. Rundell, who owed him money. Mr. Rundell asked Mr. Schmidt to cover his debt, people familiar with the men said.

[Google_s-Censored-Search-Would-Help-China-Pay-Eric-Schmidt-More-Bribes-Said-Ex-CEO-Eric-Schmidt](#)

When Mr. Schmidt refused, Mr. Rundell claimed ownership of the Hudson Valley horse farm Mr. Schmidt had bought for Ms. Shields, according to people familiar with the matter and arbitration filings. (Mr. Rundell had leverage because the farm had been purchased under his name, the people said.) In May 2020, Mr. Schmidt took Mr. Rundell to arbitration over the farm.

To get Mr. Schmidt to back off, Mr. Rundell filed a counterclaim in which he said Ms. Simon and Ms. Shields had threatened to air salacious allegations about Mr. Schmidt's private life. Among the allegations: that Mr. Schmidt used illicit drugs; that he passed on sexually transmitted diseases to multiple partners; that he participated in orgies and in a sex tape; and that he had sex with prostitutes, according to an arbitration filing made public in court.

Ms. Shields denied making the allegations or having any knowledge of them during the arbitration.

Referring to the allegations, Matthew Hiltzik, a spokesman for Mr. Schmidt, said, "Mr. Schmidt refuses to be intimidated by those who threaten to coerce or extort him."

[Eric-Schmidt's-Rogue-CIA-Outfit-Wants-To-Rape-Your-Mind](#)

While Mr. Schmidt and Mr. Rundell battled, Ms. Simon won her breach of contract arbitration against the original Maple Beach Ventures in January 2021. The arbitrator ordered the company to pay her \$461,113, plus interest on a portion of it, and reaffirmed her 10 percent stake in any Uber profit.

The rancor between Mr. Schmidt and Mr. Rundell continued escalating. After prevailing in the dispute over the farm, Mr. Schmidt initiated a second arbitration against Mr. Rundell in late 2021 over Maple Beach Ventures and several other companies Mr. Schmidt had funded.

Mr. Hiltzik said Mr. Schmidt responded to Mr. Rundell's "tactics by prosecuting and prevailing in two separate arbitrations and recovered millions of dollars."

During the second proceeding, Mr. Schmidt learned what happened to the Away investment. When one of his employees tried to find out the investment's status, Away said that Maple Beach Ventures was no longer an investor because Ms. Simon had tendered its shares in the 2019 offer.

Mr. Schmidt was furious. His lawyers threatened to sue Away if his shares weren't reinstated.

In its lawsuit, Away said it was then that it realized that Maple Beach Ventures wasn't Ms. Simon's company. In early 2023, Away settled the matter with Mr. Schmidt by paying him \$3.5 million, which included interest.

In November, Away sued Ms. Simon for carrying out what it described as a "fraudulent and deceptive scheme."

In a statement, an Away spokeswoman said it "has been unfairly drawn into this matter, which does not directly concern us. This has led our company to incur significant expenses, which we are now seeking to recover."

The case is pending in New York State Supreme Court. Ms. Simon has separately begun an arbitration proceeding against Mr. Schmidt to unshackle herself from the confidentiality clauses of their 2014 deal to better defend herself.

THE AWFUL TRUTH ABOUT THE SICK PEOPLE BEHIND GOOGLE

Corrupt political families conspire to give government funds, contracts, tax waivers, buildings, stock market profits and other insider perks to themselves and their friends. They also conspire to blockade, harm, sabotage and black-list those who compete with them and their friends. These corrupt politicians are never prosecuted for their crimes, and can laugh in the face of those who point out their crimes, because they control the prosecution system. Their Quid Pro Quo criminal corruption is the single largest cause of the taxpayer hatred of Congress.

- Google's David Drummond had his Woodside, CA Quail Road house bugged revealing sex and financial misdeeds

Google, and it's Cartel (Alphabet, Youtube, and hundreds of other shell-company facades) are a criminal organization engaged in felony-class crimes. Google's bosses bribe politicians, regulators and law enforcement officials to hold off prosecution.

At Google: Kent Walker, Andy Rubin, Larry Page, Eric Schmidt, Sergey Brin, Jared Cohen, Yasmin Green, David Drummond and Ian Fette are so enmeshed in sex scandals, election manipulation, and White House bribes that it is hard to comprehend how they can get any legitimate work done.

Between all of the sex cult activity; hookers; rent boys; political bribes to Pelosi, Harris, Newson, and Feinstein; DDoS attacks they run; CIA and NSA stealth deals; privacy harvesting; Scientology-like employee indoctrination; cheap Asian labor; covert Axiom scams and other illicit things they get up to; one just has to wonder.

Some of the largest political bribes in American or European history were paid via billions of dollars of pre-IPO cleantech stock, insider trading, real estate, Google search engine rigging and shadow-banning, sex workers, revolving door jobs, nepotism, state-supported black-listing of competitors and under-the-table cash. Why are these Silicon Valley Oligarchs and their K-Street law firms and lobbyists immune from the law?

U.S. Senators, Agency Heads and Congress are bribed by Google intermediaries with: Billions of dollars of Google, Twitter, Facebook, Tesla, Netflix and Sony Pictures stock and stock warrants which is never reported to the FEC; Billions of dollars of Google, Twitter, Facebook, Tesla, Netflix and Sony Pictures search engine rigging and shadow-banning which is never reported to the FEC; Free rent; Male and female prostitutes; Cars; Dinners; Party Financing; Sports Event Tickets; Political campaign printing and mailing services "Donations"; Secret PAC Financing; Jobs in Corporations in Silicon Valley For The Family Members of Those Who Take Bribes And Those Who Take Bribes; "Consulting" contracts from McKinsey as fronted pay-off gigs; Overpriced "Speaking Engagements" which are really just pay-offs conduited for donors; Private jet rides and use of Government fuel depots (ie: Google handed out NASA jet fuel to staff); Real Estate; Fake mortgages; The use of Cayman, Boca Des Tores, Swiss and related money-laundering accounts; The use of HSBC, Wells Fargo, Goldman Sachs and Deutsche Bank money laundering accounts and covert stock accounts; Free spam and bulk mailing services owned by Silicon Valley corporations; Use of high tech law firms such as Perkins Coie, Wilson Sonsini, MoFo, Covington & Burling, etc. to conduit bribes to officials; and other means now documented by us, The FBI, the FTC, The SEC, The FEC and journalists.

Google and Youtube are based on technology and business models that Google and YouTube stole from small inventors who had launched other companies that were up and operating before YouTube or Google even existed as business operations.

Google holds the record for the largest number of corporate sex scandals, abuses and sex trafficking charges.

There are only two kinds of people that work at Google: 1.) Cult indoctrinated naive kids with odd sexual quirks and 2.) divisive managers and executives who seek to exploit those eco-chambered employees for nefarious political and stock market manipulation purposes under the Scientology-like guise of "doing good things", when, in fact, they are engaged in horrific crimes against society.

Google has hired almost every technology law firm in order to "conflict them out" from ever working to sue Google. If Google rapes you, robs your patents or does anything awful, you won't be able to find a lawyer to help you.

Most Google executives in control of Google have been indoctrinated by family dynasties to believe that any crime is justified by a bigger cause. Most of those executives are men. The few women in control of departments are figure-heads.

Google bosses attend the same parties and business meetings in which they collude, co-lobby, rig markets and make anti-trust violating plans together.

Google is a private government with more money and power than most smaller nations. Google has more lobbyists bribing more politicians than any other company in America.

Jared Cohen and fashion show-horse Yasmin Green at Google had the job of over-throwing countries in the Middle East. They openly bragged about it. (<https://truthstreammedia.com/2013/06/02/googles-regime-change-agent-jared-cohen/>)

People that work at Google get paid \$260,000.00+ per year to lie, spy, manipulate politics, bribe politicians and engage in other crimes. For that kind of money, a person will do ANYTHING and rationalize it as "part of the higher cause".

The Project X investigation team is publicly quoted as stating: **"...give the same number of lawyers as Google has, with the same level of skills and experience, the same discovery budget, legal expenses budget and expert witness budget, we ABSOLUTELY GUARANTEE that we can put Google staff and investors in federal prison and close Google, in bankruptcy...the Google Cartel has engaged in that much criminal activity..."**

"Google is the largest financier of the Obama political campaign and exceeded FEC campaign spending limits by tens of billions of dollars. We can prove this in a jury trial, a Grand Jury hearing and a live Congressional hearing.

Google is the largest staffing source of the Obama Administration. We can prove this in a jury trial, a Grand Jury hearing and a live Congressional hearing.

The largest number of laws and policy decisions, benefiting a single company and it's investors, went to: Google. We can prove this in a jury trial, a Grand Jury hearing and a live Congressional hearing.

Google, and it's investor's are the single largest beneficiary of the Obama Administration. We can prove this in a jury trial, a Grand Jury hearing and a live Congressional hearing.

The Obama Administration only won the White House because Google and Facebook engaged in the largest digital media and search engine manipulation in human history. We can prove this in a jury trial, a Grand Jury hearing and a live Congressional hearing.

Google, and it's investors, during the Obama Administration, had most of their competitors denied funding, grants, contracts and tax waivers while Google's investors GOT funding. We can prove this in a jury trial, a Grand Jury hearing and a live Congressional hearing and prove that Google coordinated anti-trust violations with senior Obama Administration White House staff...."

Google operates it's staffing like a Scientology cult. They control their employees lives, information, transportation, free time, entertainment and social life. A Google life is a glass-bubble of echo-chamber extremist, hyper-sex-kink, reinforcement.

[Project Veritas](#) has been lifting back the veil covering big tech companies and their nefarious activities following the 2016 election. They tried to play left-leaning-but-mostly-fair before the 2016 election, believing in their hearts that Hillary Clinton would be President without their concerted meddling. That didn't work out for them, so they are trying to prevent "another Trump situation" in 2020 by unabashedly [purging, silencing, and censoring conservatives](#) on platforms like Facebook, Google, Twitter, Pinterest, Instagram, and YouTube.

(Article by Michio Hasai republished from [NOQRReport.com](#))

The answers delivered today before Congress in response to questions by [Representative Dan Crenshaw](#) weren't the standard denials. They were politically manipulative answers designed to make it known they're doing what we've said they were doing all along, but they feel justified in doing it because "hate speech" must be stopped at all costs. Of course, what constitutes hate speech to the social justice warriors in big tech invariably circles around conservative thought. There is no form of hate speech short of physical threats that can be attributed to progressives, at least not in the minds of the people who control big tech. If conservatives are aggressive, they're delivering hate speech. If progressives are aggressive, they're just being truthful. That's what big tech thinks.

This is the worst-case scenario for conservatives. Before, we could call them liars and cheats. Now, we have to fight them on an ideological level, and while we have the truth on our side, they have the technology. They have the eyeballs. They control what people see and don't see. And as such, they can no longer be trusted to deliver anything even remotely close to fair and balanced. They're unhinged from reality, but instead of coming back to reality once exposed, they're building a new reality around their ideologies.

Russia may arrest Google employees for running Google as a manipulative service containing hidden political insertions affecting the human subconscious

- Russian government will now arrest those who try to 'control minds' via mass web manipulation
- Google was created to push liberal leftist political messages on the subconscious
- Research exposes Google as insidious mind-control political skill
- No matter your political persuasion, it is unfair and manipulative for Google to control minds ANY political purposes

By [Sophie Tanno For Mailonline](#)

A Russian journalist has been accused of 'controlling minds' and 'affecting the human subconscious' after referencing George Orwell's 1984 in an article.

Mikhail Romanov, a reporter for the Yakutsk Vecherniy weekly, was writing a story on the alleged torture of an academic.

Police in [Russia's](#) republic of Sakha charged Romanov after they suspected him of trying to tap into the readers' sub-consciousness, Russian newspaper [Kommersant](#) reported.

A Russian journalist has been accused of 'controlling minds' and 'affecting the human subconscious' after referencing George Orwell's 1984 (pictured) in an article

Romanov's editor told the publication: 'This is a story about how anyone can be squashed by the government machine.

'It's also about how Big Brother is watching, reading all comments on online forums.'

This is understood to be the first time a journalist will be tried under Russia's new legislation punishing those who are perceived to have published information 'containing hidden insertions affecting the human subconscious.'

The case has been forwarded to a Yakutsk city court.

Google likely 'thoroughly infiltrated' by Chinese govt., expert warns

[alex stamos](#), [big tech](#), [china](#), [cybersecurity](#), [facebook](#), [google](#), [internet](#), [peter thiel](#), [richard clarke](#), [russia](#)

([LifeSiteNews](#)) – Tech billionaire Peter Thiel recently called on the federal government to investigate Google for potential infiltration by the Chinese government, and now security experts are saying his concerns are well-founded.

Thiel, one of President Donald Trump's most high-profile [gay supporters](#) and an [avowed critic](#) of Silicon Valley, made the remarks at last weekend's National Conservatism Conference, [Axios reports](#). He called on the FBI and CIA to ask Google, "how many foreign intelligence agencies have infiltrated your Manhattan Project for AI"; "does Google's senior management consider itself to have been thoroughly infiltrated by Chinese intelligence"; and whether this alleged infiltration is why the company works with China's military but not America's.

"I'm not sure quite how to put this, I would like them to be asked [these questions] in a not excessively gentle manner," Thiel added.

Alex Stamos, a researcher with the Stanford Internet Observatory and [former chief security officer at Facebook](#), said Tuesday it was "completely reasonable" to assume that both the Chinese and Russian governments have, in some form or another, already infiltrated not only Google but every top tech company:

Note that "subverted" is very different than planting professional spies in "The Americans" style. Each of the big companies employs thousands of employees with family members under the control of these countries, and a gov request might be simple and seem borderline reasonable.

— Alex Stamos (@alexstamos) [July 16, 2019](#)

I expect that there will be a major combined HUMINT/InfoSec attack against a major tech company revealed in the next couple of years, which will trigger the same awakening that Project Aurora did in 2009.

— Alex Stamos (@alexstamos) [July 16, 2019](#)

BTW, I don't blame the foreign-born employees at all. They are just trying to make a good living doing interesting work. If MSS had "my" Mom I would do whatever they asked.

— Alex Stamos (@alexstamos) [July 16, 2019](#)

Stamos predicted that the "next couple of years" would see the revelation of a "major combined HUMINT/InfoSec [human intelligence/information security] attack against a major tech company."

He's not the only one who advises that Thiel's warnings be taken seriously. Richard Clarke, a former counterterrorism and cybersecurity advisor to both Democrat and Republican presidents, [told CNBC](#) Wednesday there was cause for concern.

"Here's what I think is true: Google refused to work for the Pentagon on artificial intelligence," Clarke said. "If you turn around and you work on artificial intelligence in China, and you don't really know what they're going to do with that, I think there's an issue."

The internet giant has denied working with the Chinese military, but opened an artificial intelligence center in Shanghai in 2017 despite the Communist regime's strict speech and internet controls. On Tuesday, Google executive Karan Bhatia [testified](#) to the Senate Judiciary Committee that the company has terminated a [controversial](#) censored search engine it had been working on for China.

Clarke added that there was no meaningful distinction between Google working with Chinese companies and the Chinese government, given the level of state control in the country.

The specter of foreign influence on the tech industry further intensifies its ongoing controversies regarding [political bias and censorship](#) and [violations of user privacy](#). Responding to Thiel's original comments, President Trump [said Tuesday](#) that his administration will "take a look" at the matter.

Regarding Google – Alphabet – Youtube and their Cartel, the issues, that the public and the news media have complained about include: producing child suicides and classroom shootings, racism, misogyny, child mental health threats, domestic spying, data harvesting, sex trafficking, election manipulation, tax evasion, Fusion GPS/Media Matters/ Black Cube hit jobs on competitors, censorship, contrived market monopolization, intellectual property theft, political bribery and many other social crimes!

— An unusually large number of their staff have been arrested for, or charged with, sex crimes, including under-age trafficking.

— They seem to be an organized crime entity protected by the politicians that they pay bribes to.

— This entity is one of the largest operators of bribes to public officials. Some of those bribes include billions of dollars of, non-FEC reported, search engine rigging for the political campaigns of the very politicians who are supposed to regulate them.

— "Google is a sick corrupt criminal business run by sex trafficking perverts and sociopaths..." Say GOOGLE'S own inside employees, Divorce Court records of Google executives, 70+ State and Federal investigations and major news outlets.

— Google spies on competitors and steals their technology.

— Google – Alphabet – YouTube stock is owned by almost all of the California politicians and their families and that is why Google – Alphabet – YouTube is never regulated and always protected by them for their political and profiteering manipulations -

— Google runs tens of millions of dollars of defamation attacks against competitors

— Google hides all media and news coverage for competitors of Larry Page's boyfriend: Elon Musk

— Google lies to the public about what they really do with the public's data

— Google promotes illegal immigration in order to get cheap labor and control votes

— Google runs VC funding back-lists against start-ups that are competitive

— Google bribes thousands of politicians

— Google is a criminal RICO-violating monopoly – Google rigs the stock market with Flash-boy, Pump/Dump and Microblast SEC violating computer tricks -

— Google pays bribes to politicians in Google and YouTube stock

— Google manipulates who gets to see what web-sites, globally, for competitor black-lists

— Google has a "no poaching" Silicon Valley jobs blacklist

— Google bosses sexually abuse women and young boys ---- Google bosses run sex trafficking operations in the Epstein and NXIVM cults

— Google bosses control the NVCA financing cartel over start-ups -

— Google has placed the majority of the corporate staff in at least one White House

— Google controls national elections for anti-competitive purposes

— The company "Polyhop", in the HOUSE OF CARDS tv show, does all the crimes that Google actually does in reality

— Google's law firms, like Wilson Sonsini, are corrupt conduits for payola and political conduit-relays

— Google bribes some politicians with revolving door jobs

— Google is primarily responsible for destroying the Bay Area Housing opportunities

— Google runs DDoS attacks on competitors by massively crawling their sites

— Google boss Andy Rubin runs a sex slave farm according to his own family -

— Google boss Eric Schmidt was a philandering sex-penthouse owner according to vast news articles

— Google executives hire so many hookers that one of them, Mr. Hayes, was killed by his hooker

--- Google executives sexually abuse so many women that the women staff of Google walked out one day

--- In the 2009 White House, you could not swing a cat without hitting a Google insider

--- Google has paid covert bribes, PAC funds, real estate and search rigging payola to every CA Senator

--- Google has paid bribes, through its lobby fronts, to halt FBI, SEC, FEC and FTC investigations of Google crimes

--- Google was funded by the CIA, via In-Q-Tel, a so called "501 c3 charity" which was caught with tons of cocaine

--- Google gets millions of dollars of taxpayer cash for spying on Americans inside the USA -

--- Google's map service was a spy system paid for by taxpayers money that Google now profits off of

--- Nancy Pelosi and Dianne Feinstein have promised to "protect" Google because their families profit off Google stocks

--- Payment receipts prove that Google and Gawker/Gizmodo exchanged cash and staff for Character Assassination attacks

--- Google VC's and bosses have spent \$30M+ rigging the U.S. Patent Office to protect Google and harm Google competitors

--- Google bribed it's lawyer into position as head of the U.S. Patent office in order to have her protect Google – To rig insider stock trades, Google hides negative Tesla stories and pumps positive Tesla stories on "push days" -

--- Google and Elon Musk Co-own, co-invest and co-market stocks covertly while running anti-trust schemes

--- Google rarely likes, or hires, black employees per federal and news media investigations

--- Google hired most of the Washington, DC K Street lobby firms and told them to "do what ever they could"

--- The film: "Miss Sloane" depicts only 2% of the illicit lobbying tactics Google employs daily

--- Demands for an FTC and FBI raid of Google, for criminal activity, securities law and election felonies have been filed

--- Google's David Drummond had his Woodside, CA Quail Road house bugged revealing sex and financial misdeeds

--- Google, and it's Cartel (Alphabet, Youtube, and hundreds of other shell-company facades) are a criminal organization engaged in felony-class crimes. Google's bosses bribe politicians, regulators and law enforcement officials to hold off prosecution.

---At Google: Kent Walker, Andy Rubin, Larry Page, Eric Schmidt, Sergy Brin, Jared Cohen, Yasmin Green, David Drummond and Ian Fette are so enmeshed in sex scandals, election manipulation, and White House bribes that it is hard to comprehend how they can get any legitimate work done.

--- There are hundreds of millions of people in America. The same 120 of them are all involved in operating the same crimes and corruption including: the Sony Pictures corruption; the Afghanistan rare earth mine scandals operated through The Energy Department political slush fund that involves the lithium battery cover-ups (headed by Elon Musk); the Big Tech Brotopia rape, sex trafficking, bribery, exclusionism, racism and misogyny issues they were taught at Stanford University;

--- The Facebook – Meta – Google – Alphabet – Netflix, et al, coordinated news manipulation and domestic spying that they engage in; the hiring of Fusion GPS – Black Cube – Gizmodo/Gawker assassins; the destruction of the housing market by their mass real estate manipulations; patent theft and industrial espionage; and the bribery of almost every politician all the way up to the Oval Office. --- So, while the categories covered in this investigation may seem diverse.

They are connected through an enterprise of criminality and illicit, coordinated operations. We list, by name, the 120 most complicit individuals organizing these crimes, in the evidence documents already submitted to the FBI, FINCEN, DOJ, FTC, SEC, FEC, Congress, InterPol and other authorities. Digital financial tracking of those persons and all of their family members should be assumed to have been under way for some time. Wire-taps and device taps of those persons and all of their family members should be assumed to have been under way for some time. -

--- Twitter, Splunk, Google, Facebook, Netflix, YouTube and the Silicon Valley internet Cartel serve you custom manipulated content by automatically creating a covert digital dossier on you reflecting the content consumption preferences they have spied on about you. They continually evolve their dossier on you in order to steer you towards their ideology and their Democrat political party. At these companies, "data mining", "machine learning" and "AI" means computerized propaganda processing for certain political entities. They began hiring off-shore people (because they would work so cheap) but most of those people turned out to be Muslim. This created conflicts with the entire southern part of the United States (which is anti-Muslim) because those workers steered content to pro-Muslim positions.

--- Their spy dossier on you uses abstract content-specific features of the consumed content, such as categories, topic models, and entities, which they automatically extract using natural language processing by comparing every word you use to a giant computer library of what those words might mean about your psychology. So it's like you are getting "mind-raped" without any penis use. Their assessment of what your words might mean is based on what rich, white male, \$200K/year, DNC-promoting programmers think they might mean.

Their computers scale and expand their tools with algorithmic software created by those politically and socially biased frat white boys that wrote the code. It is all biased as hell. They never hire blacks or women in system creation roles so everything these companies do only supports rich white soyboy snowflake type gamer thinking. --- Because their Silicon Valley VC's told them to spy on billions of people, even for these web giants, it is impractical to store the entire dynamic history of a user's interaction features. They, thus, out of greed, use algorithms that selectively decay information in order to generalize users and populations. To them, you are just a generalized data point, like cattle on a ranch, to be harvested and fed upon by Silicon Valley.

You can try to sue Google for anti-trust, racketeering and other illicit deeds and Google will hire tens of millions of dollars of lawyers to blockade you from getting to a Jury Trial. The best thing you can do is assist the Federal Government, many State Attorney General's and citizen's groups with their lawsuits against The Google Cartel.

Bloomberg, The Wall Street Journal, Stratfor, Wikileaks, FTC and SEC investigators and Kroll Intelligence says that Google runs the largest domestic spying operation in the world; larger than that of even Russia, China, Israel or Iran. The Google Cartel has set up tho- USA - nds of companies in a spiderweb of surveillance, around the globe, and in space, that knows everything that everyone is thinking, doing or might do; and how to place media and events in front of them to subliminally steer people to do, or think, things that they might not otherwise have thought, done or voted for. Many of these operations were financed by IN-Q-TEL, which is the CIA and the NVCA combined. For example, A Google derivative called 'JigSaw' is run by Pro-Israel, Anti-Arab operatives and steers data to certain interested parties. Larry Page is on multiple Arab secret police "kill lists", which means they should terminate him if the opportunity arises. Barack Obama had Eric Schmidt in the basement of his campaign HQ on election night, running computers, and has secretly claimed that "Google put him in office". Most of the key White House staff came from Google. Google claims to 'not be political', but it is the most political business Cartel on Earth. Google finances politicians that will do what Google tells them to do. It finances them with billions of dollars of internet manipulation, insider stock favors and by getting every staff member to give max limits to their campaign PACS.

Google and it's facades: Jigsaw; Alphabet; YouTube; Google LLC (core profit maker); XXVI Holdings Inc.; Google Ireland Holdings (Google LLC subsidiary, that realizes most international profits); Alphabet Capital US LLC; Alphabet Inc.- - USA - -Parent holding company since 2015. If you own stocks of Google/Alphabet, you own a piece of this company; Calico Life Sciences LLC - - USA - - Research and development company working on keeping Eric Schmidt alive; Calico LLC (Calico Group LLC)- - USA - - Holding company of Calico Life Sciences LLC. Company is doing business as Calico Group LLC; Chronicle LLC - - USA - - Cybersecurity company that creates tools for businesses to sy on other companies; Google LLC - USA - - Core Google parent company originally named Google Inc. before Google transformed itself into Alphabet. This is where most of the profits come from; Loon Holdings Inc. - - USA - Holdings company - Loon LLC - - USA - - Company is working on providing Internet spying to rural and remote areas using high-altitude balloons; OB Technologies Inc. - - USA - Holdings company - OB Technology Holdings Inc.- - USA - -Holding company; Waymo Holding Inc.- USA - - Holding company for Waymo; Waymo LLC - USA - - - Company developed autonomous car technology and currently operates "testing" rides in several US states and already launched Waymo One service in Phoenix. Recently it announced that it will not make its own cars but rather focus on autonomous driving technology to spy on consumers; Wing Aviation LLC - US - Company developed drone delivering technology. It became independent from Project X in 2018. It is currently testing in Australia; X Development Holdings Inc.- USA - Holding company - X Development LLC - USA - -Called "Moonshot Factory." The company says it is working on solving the world's hardest problems using technology but seems to just be an outlet for Larry Page to steal and copy technologies with. Wing, Loom, and Waymo, which are now separate businesses, started as X projects; XXVI Holdings, Inc- USA - Layer between Alphabet Inc. and individual companies of Alphabet. The system is designed to lower regulatory or disclosure requirements, tax evasion, money laundering and for hiding political payola. The name of the company is referring to the Roman numeral of 26, the number of letters in the alphabet.

Google LLC has over 200 direct and indirect subsidiaries in order to limit where lawsuits and federal actions can go. The Mafia uses this same approach. Almost everything Google owns is involved in acquiring, and analyzing your personal and business data for the Google surveillance computers. It is almost impossible to find a Google group that does not 'feed the data beast'. Larry Page and Eric Schmidt believe that no citizen is intelligent enough to live in the world and that they must covertly 'guide' populations to their own ideology and "Master Plan".

The rest of the Google Cartel for global domination includes:

DeepMind Technologies Limited GBR Artificial intelligence/Machine Learning

DoubleClick Holding Corp.- USA - Online advertising company that Google acquired a decade ago. It recently announced that it is rebranding its advertising products, and it will no longer use DoubleClick brand.

Dropcam, Inc.- USA - Home monitoring. Company is known for its Wi-Fi video streaming cameras. Was acquired by Nest soon after Nest was acquired by Google. This acquisition is often given as an example of how an acquisition can go wrong.

Google Asia Pacific Pte. Ltd SGP Singapore company that channels revenues (royalties) from Asia/Pacific region (through the Netherlands) to Ireland Holdings Unlimited. It has a similar purpose to Google Ireland Limited in Europe.

Google Bermuda Limited BMU Hard to say, where in the company hierarchy this sits. Might be the parent company of Google Bermuda Unlimited

Google Dialer Inc.- USA - Not sure exactly but connected to Google Fiber and Google Voice.

Google Fiber Inc.- USA - Internet Access Provider

Google Fiber North America Inc.- USA - Internet Access Provider

Google International LLC - USA - Holdings company for Google's subsidiaries in individual countries outside the US.

Google Ireland Holdings Unlimited Comp. - IRL - This is a very "famous" Google subsidiary that is incorporated in Ireland but managed and controlled in Bermuda. Google at least up to recently used this subsidiary as part of the "Double Irish" with "Dutch Sandwich" tax optimization scheme that is very common among large international companies. The company serves partially as a holding company for some international businesses but mainly as a holder of Google intellectual property that it further licensed to other Google companies for a fee.

Google Ireland Limited - IRL - Google Services Provider for Europe and Switzerland. It books a lot of revenue, but makes very small profits, since it pays a lot to Google Netherlands BV for Google's intellectual property. Google Netherlands BV then channels this revenue to Google Ireland Unlimited that is incorporated in Ireland but domiciled in Bermuda.

Google Netherlands Holdings B.V.NLD This company is used as a middle layer between Google Ireland Limited and Google Ireland Holdings. This allows Alphabet to pay very low taxes from its European operations thanks to a tax optimization scheme called "Double Irish" with "Dutch Sandwich." This loophole was very popular among international technology companies and was already fixed for new arrangements.

Google North America Inc.- USA - Provider of Google FI service (wireless network)

Google Payment Corp.- USA - Google's companies that handle money transfers and peer-to-peer transactions. In US payments are processed by Google Payment Corp. (GPC), which has the appropriate license for transmitting money and for peer-to-peer transactions in US.

Google Payment Ireland Limited - IRL - Providing Google Payment Services for whole European Union (except UK) as a replacement for

Google Payment UK. UK subsidiary will keep providing services for UK.

Google Voice Inc.- USA - Provider of Google Voice service.

GU Holdings Inc.- USA - Through this company, Google is building subsea cable infrastructure. For example, in 2019, they finished the connection between Los Angeles and Chile.

Nest Labs (Europe) Limited - IRL - "virtual subsidiary" of Nest Labs. Owned by Google Ireland Holdings Unlimited, so not directly under

Nest Labs

Nest Labs Inc.- USA - Company flagship product and company's first offering before it was acquired by Google was Nest Learning Thermostat. Nest operated independently of Google from 2015 to 2018. However, in 2018, Nest was merged into Google's home-devices. (Still not sure if it was only organizational merger or also legal merger)

Nest Labs Singapore Pte. Ltd.SGPvirtual "subsidiary" of Nest Labs. Owned by Google Ireland Holdings Unlimited.

Verily Life Sciences LLC - USA - -Research company developing tools that focus on health data and how they can help with timely decision-making and effective interventions. (formerly Google Live Sciences)

Waze Mobile Ltd.ISRGPS navigation software. Waze describes its app as a community-driven GPS navigation app, which is free to download and use. Waze is owned directly by Google LLC.

YouTube, LLC - USA - -Youtube is a very successful video sharing and hosting service that Google acquired in 2006. This acquisition became hugely successful for Google. But not everybody was persuaded that the acquisition made sense at the time.

Alphabet Holding LLC is a holding company that is a direct subsidiary of XXVI Holdings, Inc. It is focused mainly on managing Google/Alphabet investments. Both Alphabet investment managing firms CapitalG and GV are housed under this holding. CapitalG and GV invest in other companies, but since those are usually small stakes below 50%, these companies are not part of Alphabet Group. If you want to know more about what companies do they invest in, both CapitalG and GV have a helpful list of their investments on their webpages.

Before 2015, there was no Alphabet, and Google Inc. was a publicly-traded company that you could directly own by buying its shares. All subsidiaries were subsidiaries to Google Inc. In 2015 Google transformed into Alphabet, where Alphabet Inc became the top parent company that was publicly traded. Google Inc. shareholders became overnight Alphabet Inc shareholders.

In reality, many "Other Bets" businesses still stayed as subsidiaries of Google LLC even after the 2015 transformation, and it was only recently when the whole transformation was finalized. Finally, "Other Bets" companies were moved from outside Google LLC.

The reasons for this complex transformation were described by Google management as an "increase in transparency and oversight," That would be achieved by putting larger projects at the same level as Google LLC with their separate management, reporting directly to Alphabet Inc management. The proclaimed increase in transparency was only internal for Google management. Transparency for investors did not increase. Another reason behind the transformation was obviously limiting risk. By separating Google into different companies, each one of them is independent of each other. If someone gets arrested in one company, the others would be protected from it.

Double Irish & Dutch Sandwich is a very popular and publicized arrangement through which mostly US companies were optimizing their taxes from European businesses. It involved two Irish and one Dutch company. Wikipedia has a nice article on both Double Irish and Dutch Sandwich, explaining how it works. In Alphabet/Google case. Companies involved in Double Irish with Dutch Sandwich arrangement are assumed to be:

Google Ireland Holding Unlimited (Irish company with Bermuda domicile)

Google Netherlands Holdings B.V. (Dutch "sandwich" company that serves as an intermediary between two Ireland companies)

THE SILICON VALLEY CARTEL MEMBERS The Worst Ones - Rev 2.2

You would be shocked to learn how many people are killed, every day, for less than \$50.00. ISIS and the Taliban will saw your head off for just an ideology. If people would commit murder over that small an amount of money, imagine what they would do to control the trillions of dollars of money that is always moving through the stock market. These are the people that will stop at nothing for power, mansions, hookers, private jets and greed!

Any issues re: culpability can be easily resolved in meetings with the FBI, FINCEN, The SEC, The IRS, The FTC, ICJ.ORG and open Congressional hearings! Never was the term: "Follow The Money" more appropriate than for these people! Why are these people not yet arrested for election manipulation, RICO and Anti-trust violations, money laundering, bribery and other illicit deeds? Who is protecting them? Who is telling the police not to act? This list also serves as a demand for investigation and prosecution of these individuals who conspired to engage in these illicit acts. This is not the complete list.
