IS ELON MUSK THE ANTI-CHRIST?

Elon Musk is accused of promoting anti-Semitism after agreeing with a post that claimed Jewish people have been 'pushing hatred against whites' and taking over the Hollywood and Big Tech media

Elon Musk has been accused of promoting antisemitism after replying to a racist post with the comment: 'You have said the actual truth.' Musk, who has been strongly criticized by the Anti-Defamation League and Israel's Foreign Ministry for his past remarks, was on Wednesday responding to a man who posted a screed on X criticizing a Foundation to Combat Anti-Semitism campaign video. In the video, a father is seen talking to his son about the online hatred the son has spewed, and calling him out for his rhetoric. The X user dismissed the video, writing: 'Jewish communities (sic) have been pushing the exact kind of dialectical hatred against whites that they claim to want people to stop using against them. I'm deeply disinterested in giving the tiniest s*** now about western Jewish populations coming to the disturbing realization that those hordes of minorities that support flooding their country don't exactly like them too much. You want truth said to your face, there it is.' Musk, who has 163 million followers, replied: 'You have said the actual truth.' DailyMail.com has approached Musk for comment, and received in reply: 'Busy now, please check back later.'
