

Musk Becomes Issue for Tesla's Board as His Judgment Deteriorates

By **24/7 Wall St.**

Aa

Update: CNBC writes:

Elon Musk, the CEO of electric car company Tesla Inc. (NASDAQ: TSLA), is an eccentric who has a habit of odd behavior in public. Much of this has been written off as the peculiar actions of a genius. However, his wild behavior on Tesla's most recent earnings call brings into question his ability to be a responsible public company chief executive. Tesla's board has to consider if he is fit to lead the company he founded.
